29	30	31				

5 End of Term Assembly 10am

**We will do our best to stick to these dates, but circumstances in school may mean that we have to make changes. We will do our best to give you good warning if this is necessary.**

### **Sharing the Learning**

These are dates when you are welcome to come into classes and see the learning. We have changed the time to drop off time, as this is when the best learning takes place in school. If you are unable to come into school at these times do get in touch with the class teacher, or the office and we will do our best to arrange a mutually suitable time. If you are only able to come into school in the evenings you will not see the teaching and learning, but your child can show you around the class.

### **Target Setting, Profiles and Book Look**

Every two weeks your child has an individual time with their teacher when they choose their learning targets. Ask your child what his or her target is, and support them with it at home. Targets are chosen to reflect the work they are doing in class, and their own interests and aims. Periodically we will send the target book home. You are asked to discuss and comment on your child's achievement.

Pr 1/2 and Pr 2/3 have learning journey folders in school. The targets will come home in that folder. Please do add any achievements when you have the folder home.

Pr 3/4, 5/6 and 6/7 have an online profile – ask your child to share their profile with you and add comments and photos when you can.

Your children's' work will also come home (maybe in a book, maybe in a folder). Please look through the work with your child, talk about it and a comment would be lovely. Jotters must come back into school the next day, so that class work isn't interrupted.

### **Class Assemblies**

These are another great opportunity for you to see the learning that happens in school. You will also be able to see how confident your child is at presenting in front of an audience. The class teachers will share the times for the assemblies with you nearer the time.
